

Darien Neighbors, Global Players Revisited

Technology Fundraiser and Online Event

Thursday, March 4, 7:00pm

The DCA is seeking your help! We're hoping to invest in technology that will provide a flexible platform for hybrid meetings and programs – allowing us to keep our community members connected and engaged, regardless of their location, quarantine or physical restrictions.

Please join us and support this effort as keynote speakers from our first *Darien Neighbors, Global Players Speaker Series*, whose industries are among the hardest-hit, graciously return to share their experience in pivoting and reinventing during the pandemic.

Robin Hayes (left), is chief executive officer of **JetBlue Airways Corporation**. JetBlue has been recognized for its award-winning product and customer service, and as one of America's best places to work by *Forbes*.

Brian Rolapp (center), is chief media and business officer of the **National Football League**. He oversees all of the NFL's Media businesses, including broadcasting, NFL Network, NFL Films and NFL Digital Media.

SE Cupp (right), a keynote speaker from our third *Darien Neighbors, Global Players Speaker Series*, and host of **CNN's SE Cupp Unfiltered** program will moderate the event.

VIRTUAL EVENT REGISTRATION - \$30 DCA members / \$45 public

Register by March 4 at noon, online at dariendca.org or through the DCA office, 203-655-9050 ext. 10. An email with access link will be sent the afternoon of the event.

Make it an experience and further support the DCA with these additional purchases.
Must be registered for the event.
